## School for Student Leadership (The Alpine School) Scholarship

Bank Australia has a long history of involvement in the school education sector both in supporting programs aimed at helping students and those aimed at strengthening the skills of education leaders.

The Bank Australia Impact Fund makes investments on behalf of our customers which contribute to the mutual prosperity of people, our communities and the planet.

As part of this ongoing commitment we have formed a partnership with the School for Student Leadership (The Alpine School) which included 4 scholarships to year 9 students. Each scholarship will contribute \$1,000 toward the cost incurred by a school sending a team of students to any campus of the School for Student Leadership.

### Selection Criteria

To apply for the scholarship a school must email **[alpine.school@edumail.vic.gov.au](mailto:alpine.school@edumail.vic.gov.au)** and consider the following criteria:

- Do you have an interest in the environment and social issues?
- Would you find it difficult to attend without the assistance of a scholarship?
- Would attendance allow your school a degree of success they might find difficult to achieve in your own school environment?

### Applicants are required to meet the following:

- Students must be in year 9 at a Victorian State School.
- The school must be in the region which is able to nominate a team for that term.
- The school must have successfully submitted an application through the usual process.
- Individual applications are not acceptable.
- The Principal of the successful school team must endorse the scholarship application and be prepared to complete a short report.

Applications should be received by the last day of the previous school term.
